The General Assembly of the Commonwealth of Pennsylvania hereby enacts as follows:

Section 1. Sections 1.1 and 1.2 of the act of February 13, 1970 (P.L.19, No.10), entitled "An act enabling certain minors to consent to medical, dental and health services, declaring consent unnecessary under certain circumstances," are amended to read:

Section 1.1. Mental Health Treatment.--(a) [The following shall apply to consent for outpatient treatment:

(1) Any minor who is fourteen years of age or older may consent on his or her own behalf to outpatient mental health examination and treatment, and the minor's parent's or legal guardian's consent shall not be necessary.

(2) A parent or legal guardian of a minor less than eighteen years of age may consent to voluntary outpatient mental health examination or treatment on behalf of the minor, and the minor's consent shall not be necessary.

(3) A minor may not abrogate consent provided by a parent or legal guardian on the minor's behalf, nor may a parent or legal guardian abrogate consent given by the minor on his or her own behalf.

(b) The following shall apply to consent for inpatient treatment:

(1) A minor's parent or legal guardian may consent to voluntary inpatient treatment pursuant to Article II of the act of July 9, 1976 (P.L.817, No.143), known as the "Mental Health Procedures Act," on behalf of a minor less than eighteen years of age on the recommendation of a physician who has examined the minor. The minor's consent shall not be necessary.

(2) Nothing in this section shall be construed as restricting or altering a minor's existing rights, including, but not limited to, those enumerated under the "Mental Health Procedures Act," to consent to voluntary inpatient mental health treatment on his or her own behalf at fourteen years of age or older.

(3) Nothing in this section shall be construed as restricting or altering a parent or legal guardian's existing rights to object to a minor's voluntary treatment provided pursuant to the minor's consent on his or her own behalf.

(4) A minor may not abrogate consent provided by a parent or legal guardian on the minor's behalf, nor may a parent or legal guardian abrogate consent given by the minor on his or her own behalf.

(5) A parent or legal guardian who has provided consent to inpatient treatment under paragraph (1) may revoke that consent, which revocation shall be effective unless the minor who is fourteen to eighteen years of age has provided consent for continued inpatient treatment.

(6) A minor who is fourteen to eighteen years of age who has provided consent to inpatient treatment may revoke that consent, which revocation shall be effective unless the parent or legal guardian to the minor has provided for continued treatment under paragraph (1).

(7) At the time of admission, the director of the admitting facility or his designee shall provide the minor with an explanation of the nature of the mental health treatment in which he may be involved together with a statement of his rights, including the right to object to treatment by filing a petition with the court. If the minor wishes to exercise this right, the director of the facility or his designee shall provide a form for the minor to provide notice of the request for modification or withdrawal from treatment. The director of the facility or his designee shall file the signed petition with the court.

(8) Any minor fourteen years of age or older and under eighteen years of age who has been confined for inpatient treatment on the consent of a parent or legal guardian and who objects to continued inpatient treatment may file a petition in the court of common pleas requesting a withdrawal from or modification of treatment. For inpatient treatment to continue

against the minor's wishes, the court must find all of the following by clear and convincing evidence:

- (i) that the minor has a diagnosed mental disorder;
- (ii) that the disorder is treatable;
- (iii) that the disorder can be treated in the particular facility where the treatment is taking place; and
- (iv) that the proposed inpatient treatment setting represents the least restrictive alternative that is medically appropriate.

(9) A minor ordered to undergo treatment due to a determination under paragraph (8) shall remain and receive inpatient treatment at the treatment setting designated by the court for a period of up to twenty days. The minor shall be discharged whenever the attending physician determines that the minor no longer is in need of treatment, consent to treatment has been revoked under paragraph (5) or at the end of the time period of the order, whichever occurs first. If the attending physician determines continued inpatient treatment will be necessary at the end of the time period of the order and the minor does not consent to continued inpatient treatment prior to the end of the time period of the order, the court shall conduct a review hearing in accordance with this subsection to determine whether to:

- (i) release the minor; or
- (ii) make a subsequent order for inpatient mental health treatment for a period not to exceed sixty days subject to discharge of the minor whenever the attending physician determines that the minor no longer is in need of treatment, or if consent has been revoked under paragraph (5).

(10) The procedure for a sixty-day period of treatment under paragraph (9)(ii) shall be repeated until the court determines to release the minor or the minor is discharged in accordance with paragraph (9).

(11) Nothing in this subsection shall prevent a nonconsenting parent who has legal custody rights of a minor child to object to the consent given by the other parent to inpatient treatment under paragraph (1) by filing a petition in a court of common pleas in the county where the child resides. The court shall hold a hearing on the objection within seventy-two hours of the filing of the petition.
